

## Sgript Glinigol COVID-19 Gwanwyn 2024

Bydd y cwestiynau canlynol yn ein helpu i benderfynu a oes unrhyw reswm pam na ellir rhoi'r brechlyn COVID-19 heddiw. Os byddwch yn ateb "ie" i unrhyw gwestiwn, nid yw o reidrwydd yn golygu na ellir rhoi'r brechlyn. Mae dim ond yn golygu y gellir gofyn cwestiynau ychwanegol. Os nad yw cwestiwn yn glir, gofynnwch i'r gweithiwr gofal iechyd ei esbonio. Nid yw'r rhestr hon yn cynnwys popeth.

1. Ydych chi'n iach heddiw neu a ydych wedi bod yn sâl yn ystod yr wythnos ddiwethaf?
2. A ydych yn cael ymchwiliad neu a oes gennych anabledd difrifol neu a ydych wedi dirywio yn dilyn symptomau COVID-19 estynedig?
3. A allaf ofyn beth yw eich oedran? (Noder: Gwiriwch y brechlyn sy'n briodol i oedran a gwirio caniatâd ar gyfer < 16 oed)
4. Ydych chi wedi cael brechlyn COVID-19 yn flaenorol? (Os do, gwiriwch pa bryd oedd hynny a'r bwlc ers y brechiad)
5. A oes gennych unrhyw alergeddau? A gawsoch unrhyw adwaith alergaidd yn dilyn brechlyn COVID-19 yn flaenorol? (Noder: gwirio am alergeddau i unrhyw lenwydd o'r brechlyn COVID-19)
6. A ydych erioed wedi cael adwaith anaffylactig heb ei esbonio, neu anaffylacsis yn gysylltiedig â sawl meddyginaeth wahanol?
7. A oes gennych gyflwr neu a ydych yn derbyn triniaeth sy'n effeithio ar eich system imiwnedd? A oedd eich system imiwnedd wedi'i gwanhau'n ddifrifol ar yr adeg y cawsoch unrhyw frechlynnau COVID-19 blaenorol?
8. A ydych yn feichiog? A ydych yn bwydo ar y fron? (Noder: rhowch sicrwydd bod y brechlyn COVID-19 yn ddiogel yn ystod beichiogrwydd ac wrth fwydo ar y fron)
9. A oes gennych anhwylder gwaedu (gan gynnwys clotiau gwaed gyda lefel isel o blatennau) neu a ydych yn cymryd unrhyw beth i deneuo'r gwaed? (Noder: Os oes gan yr unigolyn bwrpwra thrombosytopenig (ITP), cynghorir profion gwaed dilynlol i wirio platennau 2-5 diwrnod ar ôl imiwneiddio)
10. A ydych wedi cael myocarditis neu bericarditis ar ôl dos o frechlyn COVID-19?
11. A ydych wedi cael syndrom capilar yn gollwng?
12. A ydych wedi cael Syndrom Guillain-Barre ar ôl dos o frechlyn COVID-19? (Os ydynt, gwiriwch pa frechlyn COVID-19 sydd ei angen)
13. (Plant a phobl ifanc yn unig) A ydych wedi datblygu Syndrom Llidiol Aml-system Pediatrig (PIMS-TS neu PIMS) ar ôl haint COVID-19? (Os do, dylid sicrhau cyngor gan y pediatriydd sy'n eu trin mewn perthynas ag amseriad eu brechiad COVID-19?)

Mae'r wybodaeth a gynhwysir yn y ddogfen hon yn gyfredol ar 31/03/2024. Mae'n bwysig bod yr holl imiwneddwyr sy'n darparu rhaglen frechu COVID-19 neu'r rhai sy'n rhoi cyngor imiwneddio yn ymgafarwyddo â'r dystiolaeth a'r canllawiau clinigol diweddaraf, gellir dod o hyd i'r rhain yn y ddogfen allweddol ganlynol: [Llyfr Gwyrdd Pennod 14a COVID-19](#).

## **COVID-19 Clinical Script Spring 2024**

The following questions will help us determine if there is any reason why the COVID-19 vaccine cannot be given today. If you answer "yes" to any question, it does not necessarily mean the vaccine cannot be given. It just means additional questions may be asked. If a question is not clear, please ask the healthcare worker to explain it. This list is not exhaustive.

- 1. Are you well today or have you been unwell in the last week?**
- 2. Are you being investigated, or do you have a serious disability, or have you had a deterioration following prolonged COVID-19 symptoms?**
- 3. Please could I ask your age? (Note: Check age-appropriate vaccine and check consent for < 16 years)**
- 4. Have you had a COVID-19 vaccine previously? (If yes, check interval)**
- 5. Do you have any allergies? Did you have any allergic reaction following a COVID-19 vaccine previously? (Note: checking for allergies to any excipient of the COVID-19 vaccine)**
- 6. Have you ever had an anaphylactic reaction that is unexplained, or anaphylaxis to several different medicines?**
- 7. Do you have a condition or receive treatment that affects your immune system? Was your immune system severely weakened at the time you had any previous COVID-19 vaccines?**
- 8. Are you pregnant? Are you breastfeeding? (Note: reassure that the COVID-19 vaccine is safe in pregnancy and whilst breastfeeding)**
- 9. Do you have a bleeding disorder (including blood clots with low platelets) or are you taking any blood thinners? (Note: If individual has immune thrombocytopenic purpura (ITP) follow up bloods to check platelets 2-5 days post-immunisation are advised)**
- 10. Have you had myocarditis or pericarditis after a dose of COVID-19 vaccine?**
- 11. Have you ever had capillary leak syndrome?**
- 12. Have you had Guillain-Barre Syndrome after a dose of COVID-19 vaccine? (If yes, check which COVID-19 vaccine is required)**
- 13. (Children and young people only) Have you developed Paediatric Multisystem Inflammatory Syndrome (PIMS-TS or PIMS) after COVID-19 infection? (If yes, advice from the paediatrician treating them should be sought with regard to the timing of their COVID-19 vaccination)**

The information contained within this document is up to date as of 31/03/2024. It is important that all immunisers delivering the COVID-19 vaccination programme and/or those who are providing immunisation advice familiarise themselves with the most up to date clinical evidence and guidance. This can be found in the following key document: [Green Book Chapter 14a COVID-19](#).
